One of Midas' guiding principles is that we will communicate with our shareholders and prospective investors as candidly as possible because we believe shareholders and prospective investors benefit from understanding our investment philosophy and approach. Our views and opinions regarding the prospects of our portfolio holdings, Funds, and the economy are "forward looking statements" which may or may not be accurate and may be materially different over future periods. We disclaim any obligation to update or alter any forward looking statements, whether as a result of new information, future events, or otherwise.
