### **Midas Fund (Ticker: MIDSX)**

*Seeks capital appreciation and protection against inflation and secondarily current income through investments primarily in precious metals and natural resources bullion and companies.*

### **Midas Special Fund (Ticker: MISEX)**

*Invests aggressively for capital appreciation in any security in any sector.*

### **Midas Perpetual Portfolio (Ticker: MPERX)**

*Seeks to preserve and increase the purchasing power value of its shares over the long term by investing in gold, silver, Swiss franc assets, hard asset securities, large capitalization growth stocks, and dollar assets.*

## To Our Shareholders

Which was a better year for investors, 2008 or 2009? Here are some facts to consider: in 2008 the Standard & Poor's 500 Stock Index (S&P 500) crashed 37% in the most severe bear market since 1931; in 2009 the S&P 500 jumped over 26%. Indeed, shareholders of the three Midas mutual funds saw their portfolios appreciate over the course of 2009 by 17.03% in Midas Perpetual Portfolio, 34.56% in Midas Special Fund, and 83.88% in Midas Fund! So the obvious answer to the question is 2009, right?

### **WRONG!**

From an investment perspective – a forward looking perspective – 2008 was better. As that wrenching year drew to a close, investor confidence was plummeting, media stories were relentlessly pessimistic, and stock prices had fallen to compellingly attractive levels. In short, it was a classic moment for “*Discovering Opportunities*” for future investment gains.

### **Discovering Opportunities Now For Your Future**

What is a wise forward looking perspective today, particularly in view of 2009's gratifying returns? Our perspective at Midas is simple: avoid complacency that markets can only continue upwards, and prepare for future market volatility by seeking quality securities more likely to weather a temporary market or economic downturn. Likewise, keep a long term investing outlook with a disciplined focus on companies with combinations of strength in operations, finances, and products that are attractive, even through volatile markets. Of course, neither view can eliminate the risk of potential loss.

We cannot predict the future of the markets, and we are skeptical of those who try to do so. Reacting to every news item and rapidly shifting money between stocks, bonds, industries, and sectors seldom seems to work. Instead, we recommend a long term approach with a diversified portfolio of Midas Funds, although it does not eliminate the risk of potential loss.

## Convenient Regular Investing

Midas offers an excellent service - the Midas Bank Transfer Plan - which makes convenient regular investing. It can help you now seek your financial goals for the future. With the free Midas Bank Transfer Plan, you decide today to invest a certain amount each month in the future for as long as you like and Midas will transfer the money from your bank account for investment in your designated Midas account. Periodically, you should review your overall portfolio. For retirement investing goals, consider the tax advantaged Midas Traditional, Roth, SEP, or SIMPLE IRA. At Midas, we also offer Health Savings Accounts as well as Education Savings Accounts. Forms for all of these Midas plans may be found at [www.MidasFunds.com](http://www.MidasFunds.com).

Investing the same amount regularly, known as "dollar cost averaging," can reduce any anxiety of investing in a rising or falling market or buying all of your shares at market highs. Although this strategy cannot assure a profit or protect against loss in a declining market, it can result in a lower average cost for your purchases. Of course, you should consider your financial ability to continue your purchases through periods of low price levels when undertaking such a strategy.

## Consider . . . Midas Perpetual Portfolio

The Midas approach is based on three principles: first, seek quality; second, invest for the long term; and third, diversify your overall portfolio. In this connection, consider including in your portfolio: Midas Special Fund for a longer term, stock market oriented objective; Midas Fund for precious metals capital appreciation and as a hedge against inflation; and, Midas Perpetual Portfolio for investors who wish to preserve and increase the purchasing power value of their capital for the long term with a strategy that does not depend on any particular outcome for the economy.

Midas Perpetual Portfolio seeks to invest a fixed target percentage of its total assets in set investment categories: gold, silver, Swiss franc assets, stocks of U.S. and

foreign companies dealing primarily in real estate and natural resources, large capitalization growth stocks, and dollar assets. The investment strategy of the Fund acknowledges a broad range of economic possibilities and investment outlooks and seeks to incorporate investments appropriate for each of them.

## Contact Us to Get Started Today

As you invest in the Midas Funds for your future, we will be seeking to discover opportunities to achieve the investment objectives of the Funds. If you have any questions, we will be happy to assist you without any obligation on your part. We look forward to hearing from you. Please call us at 1-800-400-MIDAS (6432), or visit [www.MidasFunds.com](http://www.MidasFunds.com).

Sincerely,

Thomas B. Winmill  
President

# Midas Fund

## C O M M E N T A R Y

We are pleased to welcome all new shareholders attracted to Midas Fund by its track record of past performance, its policy of investing primarily in securities of companies principally involved in mining, processing, distributing or otherwise dealing in gold, silver, platinum, or other natural resources, and its shareholder services. Midas Fund's value rose 83.88% for its shareholders in 2009, a gratifying result for our quality, "growth in gold" and other natural resources investment approach, particularly given the relatively lackluster return for gold bullion in the same period of only about 25%.

### Market Review

During 2009, gold prices based on the London p.m. fix fluctuated between \$810 and \$1,212 per ounce, averaging \$972, and ending the year at \$1,087. Unlike in some prior periods, gold's strength was seen in many major currencies. For example, in 2009 gold advanced not only in U.S. dollar terms, but it also rose 21% in euros, 11% in UK pounds, 28% in yen, and 19% in Indian rupees. In terms of commodity based currencies, however, the gold price actually declined slightly, such as in Australian dollars (down 3%) and South African rands (down 0.4%). Prices of many base metals (such as copper), platinum, and silver rose faster than gold and shares of companies mining these resources generally tended to outperform pure gold miners. Recovering dramatically after their collapse in 2008, shares of many smaller capitalization mining companies on average showed robust price increases.

10. Jaguar Mining, Inc.

### Strategies Focusing on Quality

In this positive market environment, Midas Fund's strategic investment approach in quality mining companies enhanced returns in 2009. As the prices of precious and base metals fluctuated, the Fund sought to reallocate capital away from resource companies whose share prices appeared to have risen to generous valuation levels and towards quality companies whose share prices appeared to offer discounted value. Further seeking to exploit the apparent valuation discrepancies in the markets, the Fund's short selling of certain companies whose valuations were stretched or whose operations appeared at risk of negative developments was paired with leveraged long positions in attractive gold, platinum, and other natural resource companies. Currently leveraged, Midas Fund anticipates generally emphasizing growing companies, particularly those in the platinum sector, with operations offering increasing cash flow, expanding production profiles, promising exploration potential, and/or other special growth features.

### Outlook for a Positive Role for Gold

Midas sees current U.S. fiscal policy as leading to U.S. dollar devaluation, domestic inflation, and gold's increased competitive status as a reserve "currency." In the fiscal year to September 2009, the federal government deficit totaled over \$1.4 trillion, which represents about 10% of U.S. Gross Domestic Product. During the next 10 years, according to the Office of Management and Budget, federal government spending is projected to remain high, but tax revenues are optimistically also projected to rise to highs. Yet even with these optimistic projections, federal budget deficits are projected to add \$10 trillion to the federal debt. Over this period, Midas projects only 1% to 2% GDP growth because of the enormous burdens on the nation's economy of (a) interest payments (currently \$300 billion, and climbing) on this ballooning federal debt and (b) cash outlays required to honor entitlement programs such as Social Security and Medicare. Interestingly, since 2002 Congress has raised the debt limit nine times and nearly doubled the Treasury's borrowing authority, from \$6.4 to \$12.4 trillion. While attempting to mitigate the risks inherent in the sector by seeking quality investments with growth potential, our objective is to position Midas Fund to benefit from these emerging trends.

# Midas Special Fund

C O M M E N T A R Y

It is a pleasure to welcome new shareholders and to submit this 2009 Annual Report for Midas Special Fund. Midas Special Fund invests solely for capital appreciation. The Fund may invest in any security type and in any industry sector, in domestic or foreign companies, and in companies of any size. Generally, the Fund seeks quality companies with unique combinations of strength in operations, products, and finances, offering growth and value. The Fund may employ speculative investment techniques such as borrowing money for investment purposes, a practice known as leveraging, and may also invest defensively.

## Economic Developments and Financial Markets

In our 2009 Semi-Annual Report, we noted some reasons for cautious optimism about the U.S. economy, and we have been pleased to see improvements over time. The Federal Reserve Districts recently reported that, although economic activity remains at a low level, conditions have improved modestly and more broadly geographically. The Districts noted that consumer spending in the recent 2009 holiday season was greater than in 2008, but short of 2007 levels. The Districts also noted that auto sales have been stable or increasing slightly, as nonfinancial services activity generally improves. Meanwhile, the report suggested that manufacturing activity has held steady and the outlook was optimistic, notwithstanding "cautious" spending plans. Offsetting favorable data on inflation were the statistics indicating that labor market conditions remain weak. Indeed, the Bureau of Labor Statistics reported 85,000 U.S. jobs losses in December and an un-

employment rate of 10%. A positive note was sounded by the Federal Reserve Districts in reporting that toward the end of 2009 home sales generally increased.

Important for investors was the recent statement by the Federal Reserve Open Market Committee to the effect that the Committee will maintain the target range for the federal funds rate at 0% to ¼%. Further, the Committee noted that to boost mortgage lending and housing markets and to improve overall conditions in the credit markets. The Federal Reserve is planning to purchase about \$1.25 trillion of agency mortgage-backed securities and \$175 billion of agency debt.

## The Fund's Capital Appreciation Strategies and Outlook

In these market conditions, the Fund's strategy over 2009 was to de-emphasize consumer product and home improvement companies and add out of favor, but high quality, pharmaceutical, insurance, and conglomerate companies with attractive valuations. Given the low valuations and market pessimism prevalent for much of the year, the Fund maintained leverage, limiting market timing strategies. At December 31, 2009, the Fund's top ten holdings comprised approximately 86% of its net assets. With holdings of some of the largest and best known U.S. companies in insurance, technology, banking, and finance, the Fund's total return for 2009 was a gratifying 34.56%. In the same period, the Standard & Poor's 500 returned 26.46%, according to Morningstar. Our current view of financial conditions suggests that the Fund may benefit during 2010 from its flexible portfolio approach, investing opportunistically and employing aggressive and speculative investment techniques as deemed appropriate. As the Fund pursues its capital appreciation objective through this flexible approach, its holdings and allocations are subject to substantial change at any time.

## Tax Advantaged Retirement Accounts

Midas Special Fund will pursue its capital appreciation objective aggressively as financial market conditions evolve, seeking to discover opportunities for attractive long term investment - whether due to a changing outlook for the prospects of a particular company or an industry sector generally. Since these strategies may reflect longer term wealth building goals, we believe the Fund can be especially appropriate for tax advantaged retirement accounts. Of course, we also would be very pleased to discuss with you any questions you may have. Just call us toll free at 1-800-400-MIDAS (6432) and a Shareholder Services Representative will be glad to assist you, as always, without obligation on your part.

# Midas Perpetual Portfolio

## C O M M E N T A R Y

**M**idas Perpetual Portfolio's objective is to preserve and increase the purchasing power value of its shares over the long term. The investment strategy of the Fund acknowledges a broad range of economic possibilities and investing outlooks, and seeks to incorporate investments appropriate for each of them. Investors who wish to invest all or a portion of their capital in a way that does not depend on any particular outcome for the economy should consider purchasing shares of the Fund.

In pursuit of its investment objective, the Fund seeks to invest a fixed "Target Percentage" of its total assets of each of the following categories:

<u>Investment Category</u>	<u>Target Percentage</u>
Gold	20%
Silver	5%
Swiss Franc Assets	10%
Hard Asset Securities	15%
Large Capitalization Growth Stocks	15%
Dollar Assets	35%
Total	100%

These investment categories, although subject to risk of potential loss, have been chosen and weighted with the goal of providing downside protection to the overall portfolio in most foreseeable economic conditions.

Gold and silver investments may include bullion, bullion type coins, and exchange traded funds. Swiss franc assets may include Swiss franc denominated deposits and bonds of the federal government of Switzerland of any ma-

turity. Hard asset securities may include those of U.S. and foreign companies dealing primarily in real estate (such as timberland, ranching and farm land, raw land, and land with improvements and structures) and natural resources (such as oil, gas, coal, precious and non-precious metals, and minerals). Large capitalization growth stocks normally may include U.S. and foreign companies with market capitalization over \$50 billion with growth in revenues, earnings, or other similar measure and may include options, warrants, and similar derivatives on such stocks. Dollar assets may include U.S. Treasury bills, notes and bonds, obligations of U.S. government agencies, instrumentalities and sponsored enterprises, and U.S. dollar denominated cash, money market funds, money market instruments, bank deposits, high grade, short term corporate bonds and banker's acceptances, and similar investments.

### Investment Strategy, Review, and Outlook

The Federal Reserve Districts recently reported that, although economic activity remains at a low level, conditions have improved modestly and more broadly geographically. Equity markets, after dropping sharply in the first quarter, recovered and ended the year up strongly. Notwithstanding the often conflicting economic and financial market news, Midas Perpetual Portfolio held true to its target allocation strategy during the year and, we are pleased to report, provided a total return in 2009 of 17.03%. With respect to outlook, it should be noted that the Federal Reserve Open Market Committee recently suggested that it continues to anticipate that economic conditions, including subdued inflation trends, low rates of resource utilization, and stable inflation expectations, are likely to lead to low levels of the federal funds rate for an extended time.

### Contact Us for Information and Services

Designed to provide growth at lower risk, the Fund's all weather approach makes it an attractive vehicle for a program of steady monthly investing. To make regular investing in the Fund as easy, convenient, and affordable as possible, we offer the Midas Bank Transfer Plan. For information on this free service, simply give us a call toll free at 1-800-400-MIDAS (6432) and we will be delighted to provide such information to you or a friend or relative. Midas Perpetual Portfolio's long term objective also makes it attractive for investment through our Traditional or Roth IRAs, Health Savings Accounts, and also our Education Savings Accounts. If you would like to learn more, we would be very pleased to hear from you and look forward to helping you get started.

## 1

### Organization and Significant Accounting Policies

The Midas Funds are Maryland corporations registered under the Investment Company Act of 1940, as amended (the “Act”), as open end management investment companies. Midas Fund’s investment objectives are primarily capital appreciation and protection against inflation and, secondarily, current income through investments primarily in precious metals and natural resource companies. Midas Special Fund’s investment objective is capital appreciation which it seeks by investing aggressively in any security in any sector. The investment objective of Midas Perpetual Portfolio (formerly Midas Dollar Reserves) is to preserve and increase the purchasing power value of its shares over the long term by investing a fixed target percentage of its total assets in each of the following investment categories: gold, silver, Swiss franc assets, hard asset securities, large capitalization growth stocks, and dollar assets. Prior to December 29, 2008, Midas Perpetual Portfolio operated as a money market fund. On December 29, 2008, the Fund changed its name to Midas Perpetual Portfolio, ceased operating as a money market fund, and began operating as a fluctuating net asset value fund pursuant to its current investment objective and policies. The Funds retain Midas Management Corporation as their Investment Manager.

Midas Fund and Midas Perpetual Portfolio each has authorized capital of one billion shares of common stock, par value \$0.01 per share. Midas Special Fund has authorized capital of 500 million shares of common stock, par value \$0.01. The Funds each offer only one class of shares. Each Fund’s shareholders are entitled to one vote for each whole share owned and a fractional vote for each fraction of a share owned. Voting rights are not cumulative. All shares of a Fund are fully paid and non-assessable and have no preemptive or conversion rights.

The Funds impose a short term trading redemption fee on any Fund shares that are redeemed or exchanged within 30 days following their purchase date. The redemption fee is 1% of the amount redeemed. Such fees are retained by the Funds for the benefit of the remaining shareholders and are accounted for as an addition to paid in capital.

The following is a summary of significant accounting policies consistently followed by each Fund in the preparation of its financial statements.

**Valuation of Investments** – Securities traded primarily on a U.S. national securities exchange (“USNSE”) are valued at the last reported sale price on the day the valuations are made. Securities traded primarily on the Nasdaq Stock Market (“Nasdaq”) are normally valued by the Funds at the Nasdaq Official Closing Price (“NOCP”) provided by Nasdaq each business day. The NOCP is the most recently reported price as of 4:00:02 p.m. ET, unless that price is outside the range of the “inside” bid and asked prices (i.e., the bid and asked prices that dealers quote to each other when trading for their own accounts); in such case, Nasdaq will adjust the price to equal the inside bid or asked price, whichever is closer. Because of delays in reporting trades, the NOCP may not be based on the price of the last trade to occur before the market closes. Securities that are not traded on a particular day and securities traded in foreign and over-the-counter markets that are not also traded on a USNSE or Nasdaq are valued at the mean between the last bid and asked prices. Gold and silver bullion is valued at 4:00 p.m. ET, at the mean between the last bid and asked quotations of the Bloomberg Composite (NY) Spot Price for that metal. Debt obligations with remaining maturities of 60 days or less are valued at cost adjusted for amortization of premiums and accretion of discounts. Certain of the securities in which the Funds may invest are priced through pricing services that may utilize a matrix pricing system which takes into consideration factors such as yields, prices, maturities, call features, and ratings on comparable securities. Bonds may be valued according to prices quoted by a bond dealer that offers pricing services. Open end investment companies are valued at their net asset value. Foreign securities markets may be open on days when the U.S. markets are closed. For this reason, the value of any foreign securities owned by the Fund could change on a day when stockholders cannot buy or sell shares of the Fund. Securities for which market quotations are not readily available or reliable and other assets may be valued as determined in good faith by the Investment Manager under the direction of or pursuant to procedures established by each Fund’s Board of Directors. Due to the inherent uncertainty of valuation, these values may differ from the values that would have been used had a readily available or reliable market quotation for the securities existed. These differences in valuation could be material. A security’s valuation may differ depending on the method used for determining value. The use of fair value pricing by a Fund may cause the net asset value of its shares to differ from the net asset value that would be calculated using market prices.

# Notes to Financial Statements

**Foreign Currency Translation** – Securities denominated in foreign currencies are translated into U.S. dollars at prevailing exchange rates. Realized gain or loss on sales of such investments in local currency terms is reported separately from gain or loss attributable to the change in foreign exchange rates for those investments.

**Foreign Currency Contracts** – Forward foreign currency contracts are marked to market and the change in market value is recorded by the Fund as an unrealized gain or loss. When a contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the value at the time it was closed. The Fund could be exposed to risk if the counterparties are unable to meet the terms of the contract or if the value of the currency changes unfavorably.

**Derivatives** – Midas Fund and Midas Special Fund may use derivatives for a variety of reasons, such as to attempt to protect against possible changes in the value of their portfolio holdings or to generate potential gain. Derivatives are financial instrument that derive their values from other securities or commodities, or that are based on indices. All of a Fund's portfolio holdings, including derivative instruments, are marked to market each day with the change in value reflected in unrealized appreciation or depreciation. Upon disposition, a realized gain or loss is recognized accordingly, except when taking delivery of a security underlying a contract. In these instances, the recognition of gain or loss is postponed until the disposal of the security underlying the contract. Risk may arise as a result of the potential inability of the counterparties to meet the terms of their contracts.

Summarized below is a specific type of derivative used during the period.

**Futures Contracts** – The Funds are subject to equity price risk, interest rate risk, and foreign currency exchange rate risk in the normal course of pursuing their investment objectives. The Funds may use futures contracts to gain exposure to, or hedge against changes in the value of equities, interest rates, or foreign currencies. A futures contract represents a commitment for the future purchase or sale of an asset at a specified price on a specified date. Upon entering into a futures contract, the Fund provides the broker/dealer an amount of cash or securities at least equal to a certain percentage of the contract amount. This is known as “initial margin.” Subsequent payments (“variation margin”) are credited to or debited from the Fund each day, depending on the daily fluctuation of the value of the contract. The daily change in the contract is included in unrealized appreciation or depreciation on investments and futures contracts. The Fund recognizes a realized gain or loss when the contract is closed. Futures transactions sometimes may reduce returns or increase volatility. In addition, futures can be illiquid and highly sensitive to changes in their underlying security, interest rate, or index, and as a result can be highly volatile. A small investment in futures could have a large impact on a Fund's performance. With futures, there is minimal counterparty credit risk to the Funds since futures are exchange traded and the exchange's clearinghouse, as counterparty to all exchange traded futures, guarantees the futures against default.

**Short Sales** – Midas Fund and Midas Special Fund may sell a security it does not own in anticipation of a decline in the market value of the security. When a Fund sells a security short, it must borrow the security sold short and deliver it to the broker/dealer through which it made the short sale. The Fund is liable for any dividends or interest paid on securities sold short. A gain, limited to the price at which the Fund sold the security short, or a loss, unlimited in size, will be recognized upon the termination of a short sale.

**Investment Transactions** – Investment transactions are accounted for on the trade date (the date the order to buy or sell is executed). Realized gains or losses are determined by specifically identifying the cost basis of the security sold.

**Investment Income** – Interest income is recorded on the accrual basis. Amortization of premium and accretion of discount on debt securities are included in interest income. Dividend income is recorded on the ex-dividend date or in the case of certain foreign securities, as soon as the Fund is notified. Taxes withheld on foreign dividends have been provided for in accordance with a Fund's understanding of the applicable country's tax rules and rates.

**Expenses** – Estimated expenses are accrued daily. Expenses directly attributable to a Fund are charged to that Fund. Expenses borne by the complex of related investment companies, which includes open end and closed end investment companies for which the Investment Manager and its affiliate serve as investment manager, that are not directly attributed to the

# Notes to Financial Statements

Fund, are allocated among the Fund and the other investment companies in the complex on the basis of relative net assets, except where a more appropriate allocation of expenses can otherwise be made fairly.

**Expense Reduction Arrangement** – Through arrangements with the Funds' custodian and transfer agent, credits realized as a result of uninvested cash balances are used to reduce custody and transfer agency expenses. No credits were realized by the Funds during the period.

**Distributions** – Distributions to shareholders, which are determined in accordance with income tax regulations, are recorded on the ex-dividend date.

**Income Taxes** – No provision has been made for U.S. income taxes because each Fund intends to qualify as a regulated investment company under the Internal Revenue Code and to distribute to shareholders substantially all taxable income and net realized gains. Foreign securities held by a Fund may be subject to foreign taxation. Foreign taxes, if any, are recorded based on the tax regulations and rates that exist in the foreign markets in which the Fund invests. The Funds recognize the tax benefits of uncertain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. The Funds have reviewed their tax positions and have concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on federal, state, and local income tax returns for open tax years (2006-2008) or expected to be taken in the Funds' 2009 tax returns.

**Use of Estimates** – In preparing financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"), management makes estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Indemnifications** – The Funds indemnify officers and directors from certain liabilities that might arise from their performance of their duties for the Funds. Additionally, in the normal course of business the Funds enter into contracts that contain a variety of representations and warranties and which may provide general indemnifications. The Funds' maximum exposure under these arrangements is unknown, as it involves future claims that may be made against the Funds under circumstances that have not occurred.

**Recently issued Accounting Standards Updates** - In January 2010, the Financial Accounting Standard Board released Accounting Standards Update ("ASU") No. 2010-06, Improving Disclosures about Fair Value Measurements. Among the new disclosures and clarifications of existing disclosures the ASU requires the Funds to disclose separately the amounts of significant transfers in and out of Level 1 and Level 2 fair value measurements and to describe the reasons for the transfers. Significance shall be judged with respect to total earnings and total assets or total liabilities. The ASU requires the Level 3 roll forward reconciliation of beginning and ending balances to be prepared on a gross basis, in particular separately presenting information about purchases, sales, issuances, and settlements. The ASU also requires disclosure of the reasons for significant transfers in and out of Level 3. The ASU is effective for interim and annual periods beginning after December 15, 2009, except for the Level 3 gross basis roll forward reconciliation which is effective for fiscal years beginning after December 15, 2010 and for interim periods within those fiscal years. The impact on the Funds' financial statements disclosures is being assessed.

## 2 Fees and Transactions with Related Parties

Under the investment management agreement of Midas Fund, the Investment Manager receives a management fee, payable monthly, based on the average daily net assets of the Fund at the annual rate of 1% on the first \$200 million, .95% over \$200 million to \$400 million, .90% over \$400 million to \$600 million, .85% over \$600 million to \$800 million, .80% over \$800 million to \$1 billion, and .75% over \$1 billion. Under the investment management agreement of Midas Special Fund, the Investment Manager receives a management fee, payable monthly, based on the average daily net assets of the Fund at the annual rate of 1% on the first \$10 million, 7/8 of 1% over \$10 million to \$30 million, 3/4 of 1% over \$30 million to \$150 million, 5/8 of 1% over \$150 million to \$500 million, and 1/2 of 1% over \$500 million. Under the investment man-

# Notes to Financial Statements

agement agreement of Midas Perpetual Portfolio, the Investment Manager receives a management fee, payable monthly, based on the average daily net assets of the Fund, at the annual rate of .50 of 1% up to the first \$250 million, .45 of 1% from \$250 million to \$500 million, and .40 of 1% over \$500 million.

Each Fund has adopted a plan of distribution pursuant to Rule 12b-1 under the Act. Under each plan, each Fund pays the Distributor, Investor Service Center, Inc., an affiliate of the Investment Manager, a fee of .25% (Midas Fund and Midas Perpetual Portfolio) or 1.00% (Midas Special Fund) for distribution and shareholder services. The shareholder service fee is intended to cover personal services provided to the shareholders of the Funds and the maintenance of shareholder accounts. The distribution fee is to cover all other activities and expenses primarily intended to result in the sale of the Funds' shares. In addition, Midas Fund, Midas Special Fund, and Midas Perpetual Portfolio each reimbursed the Distributor \$123,976, \$898, and \$191, respectively, for payments made to certain brokers for record keeping services for the year ended December 31, 2009.

The Investment Manager and the Distributor contractually agreed with Midas Perpetual Portfolio to waive their fees, respectively, for fiscal year 2009. The contractual fee waiver agreements expire on April 29, 2010.

Certain officers and directors of the Funds are officers and directors of the Investment Manager and Distributor.

Pursuant to the investment management agreements, the Funds reimburse the Investment Manager for providing at cost certain administrative services comprised of compliance and accounting services. For the year ended December 31, 2009, the Funds incurred administrative services expenses as follows:

	<u>Midas Fund</u>	<u>Midas Special Fund</u>	<u>Midas Perpetual Portfolio</u>
Compliance services	\$ 101,971	\$ 10,950	\$ 8,840
Accounting services	32,413	3,730	2,950
Total administrative services	<u>\$ 134,384</u>	<u>\$ 14,680</u>	<u>\$ 11,790</u>

## 3 Distributions to Shareholders and Distributable Earnings

The tax character of distributions paid for the years ended December 31, 2009 and 2008 are summarized as follows:

	<u>Midas Fund</u>		<u>Midas Perpetual Portfolio</u>	
	2009	2008	2009	2008
Ordinary income	<u>\$1,403,657</u>	<u>\$3,921,447</u>	<u>\$135,764</u>	<u>\$158,511</u>

There were no distributions paid by Midas Special Fund for the years ended December 31, 2009 and 2008.

At December 31, 2009, the components of distributable earnings on a tax basis were as follows:

	<u>Midas Fund</u>	<u>Midas Special Fund</u>	<u>Midas Perpetual Portfolio</u>
Accumulated net realized loss on investments	\$(29,922,672)	\$(3,725,668)	\$ -
Post-October losses	(20,604)	-	-
Net unrealized appreciation	<u>3,781,657</u>	<u>3,220,224</u>	<u>1,011,623</u>
	<u>\$ (26,161,619)</u>	<u>\$ (505,444)</u>	<u>\$ 1,011,623</u>

# Notes to Financial Statements

Federal income tax regulations permit post-October net capital losses to be deferred and recognized on the tax return of the next succeeding taxable year. The differences between book basis and tax basis unrealized appreciation is attributable primarily to the Passive Foreign Investment Company (“PFIC”) mark to market adjustments. GAAP requires certain components of net assets to be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. At December 31, 2009, permanent differences between book and tax accounting have been reclassified to paid in capital as follows:

	<b>Midas Fund</b>	<b>Midas Special Fund</b>	<b>Midas Perpetual Portfolio</b>
Decrease in accumulated undistributed net investment loss	\$ 837,683	\$ 330,589	\$92,745
Decrease (increase) in accumulated net realized gain (loss) on investments	6,235,428	3,299,327	(86,091)
Decrease in paid in capital	(7,073,111)	(3,629,916)	(6,654)

At December 31, 2009, Midas Fund had net capital loss carryovers that may be used to offset future realized capital gains for federal income tax purposes of \$29,922,672 of which \$79,582, \$15,574,826 and \$14,268,264 expire in 2010, 2016, and 2017, respectively.

At December 31, 2009, Midas Special Fund had net capital loss carryovers that may be used to offset future realized gains for federal income tax purposes of \$3,725,668, of which \$1,823,745, \$340,513, \$1,154,753 and \$406,657 expire in 2011, 2014, 2016, and 2017, respectively.

## 4 Fair Value Measurements

The Funds use a three level hierarchy for fair value measurements based on the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Funds. Unobservable inputs reflect a Fund’s own assumptions about the assumptions that market participants would use in pricing the asset or liability developed based on the best information available under the circumstances. A Fund’s investment in its entirety is assigned a level based upon the inputs which are significant to the overall valuation. The hierarchy of inputs is summarized below.

- Level 1 - quoted prices in active markets for identical investments.
- Level 2 - other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.).
- Level 3 - significant unobservable inputs (including a Fund’s own assumptions in determining fair value of investments).

The inputs or methodology used for valuing investments are not an indication of the risk associated with investing in those investments.

# Notes to Financial Statements

The following is a summary of the inputs used as of December 31, 2009, in valuing the Funds' assets and liabilities carried at fair value. Refer to each Funds' Schedule of Portfolio Investments for detailed information on specific investments.

<b>Midas Fund</b>	Level 1	Level 2	Level 3	Total
<b>Assets</b>				
Common stocks	\$130,321,265	\$ -	\$ 0	\$ 130,321,265

<b>Total investments</b>	<b>\$ 7,586,292</b>	<b>\$ 743,562</b>	<b>\$ -</b>	<b>\$ 8,329,854</b>

# Notes to Financial Statements

## 5 Investment Transactions

At December 31, 2009, the aggregate gross unrealized appreciation and depreciation of investments, based on cost for federal income tax purposes, are summarized as follows:

	Federal Income Tax Cost	Gross Unrealized		Net Unrealized Appreciation
		Appreciation	Depreciation	
Midas Fund	\$144,011,354	\$23,496,930	\$(19,438,853)	\$4,058,077
Midas Special Fund	11,182,087	4,379,183	(1,158,959)	3,220,224
Midas Perpetual Portfolio	7,318,704	1,030,810	(19,660)	1,011,150

Purchases and sales of securities, excluding short sale transactions and short term investments, for the year ended December 31, 2009 were as follows:

	Midas Fund	Midas Special Fund	Midas Perpetual Portfolio
Purchases	\$78,998,738	\$1,062,639	\$1,265,694
Proceeds	88,523,400	1,235,959	1,167,880

## 6 Illiquid and Restricted Securities

Midas Fund owns securities which have a limited trading market and/or certain restrictions on trading and, therefore, may be illiquid and/or restricted. Such securities have been valued at fair value in accordance with the procedures described in Note 1. Due to the inherent uncertainty of valuation, these values may differ from the values that would have been used had a readily available market for the securities existed. These differences in valuation could be material. Illiquid and/or restricted securities owned at December 31, 2009, were as follows:

	Acquisition Date	Cost	Value
Ivanhoe Nickel & Platinum Ltd.	4/30/97	\$ 0	\$ 0
Percent of net assets		0.0%	0.0%

# Notes to Financial Statements

## 7 Derivatives

The following table sets forth the effect of derivative instruments on the Statement of Operations and the amount of realized gain or (loss) on derivatives recognized in income for Midas Fund for the year ended December 31, 2009:

<u>Derivatives Not Accounted for as Hedging Instruments</u>	<u>Location of Gains (Losses) on Derivatives Recognized in Income</u>	<u>Net Realized Gains (Losses) on Derivatives Recognized in Income</u>
Futures contracts	Net realized loss on futures	\$(426,675)

## 8 Bank Credit Facilities

The Funds (except Midas Perpetual Portfolio), Global Income Fund, Inc., and Foxby Corp. (the “Borrowers”) have entered into a committed secured line of credit facility, which is subject to annual renewal, with State Street Bank and Trust Company (“SSB”), the Funds’ custodian. Global Income Fund, Inc. and Foxby Corp. are closed end investment companies advised by an affiliate of the Investment Manager. The aggregate amount of the credit facility is \$10,000,000 which prior to April 24, 2009 had been \$25,000,000. The borrowing of each Borrower is collateralized by the underlying investments of such Borrower. SSB will make revolving loans to a Borrower not to exceed in the aggregate outstanding at any time with respect to any one Borrower the least of \$10,000,000, the maximum amount permitted pursuant to each Borrower’s investment policies, or as permitted under the Act. The commitment fee on this facility is 0.15% per annum on the unused portion of the commitment, based on a 360 day year. All loans under this facility will be available at the Borrower’s option of (i) overnight Federal funds or (ii) LIBOR (30, 60, 90 days), each as in effect from time to time, plus 1.80% per annum, calculated on the basis of actual days elapsed for a 360 day year.

The Funds have also entered into an uncommitted secured redemption facility, which is subject to annual renewal, with SSB with an aggregate amount available of \$25,000,000. The borrowing of each Borrower is collateralized by the underlying investments of such Borrower. This facility carries no legal obligation on the part of SSB to lend any amount of money to the Funds at any time and the Borrower does not pay a commitment fee under this facility. SSB may make revolving loans to a Borrower not to exceed in the aggregate outstanding at any time with respect to any one Borrower the least of \$25,000,000, the maximum amount permitted pursuant to the Borrower’s investment policies, or as permitted under the Act. All loans under this facility will be available at the overnight Federal Funds rate in effect from time to time plus 1.25%, calculated on the basis of actual days elapsed for a 360 day year.

# Notes to Financial Statements

The outstanding loan balance and the value of eligible collateral investments at December 31, 2009, and the weighted average interest rate and average daily amount outstanding under the committed and uncommitted facilities for the year ended December 31, 2009 were as follows:

	<u>Midas Fund</u>	<u>Midas Special Fund</u>	<u>Midas Perpetual Portfolio</u>
Outstanding balance	\$ 11,266,481	\$ 2,009,768	\$ 0
Value of eligible collateral	\$ 34,400,723	\$ 10,958,096	\$ 0
Average daily amount outstanding	\$ 3,543,397	\$ 1,693,414	\$ 0
Weighted average interest rate	1.51%	1.58%	0.00%

## 9 Securities Lending

Midas Fund and Midas Special Fund may lend their securities to qualified financial institutions. The Funds receive compensation in the form of fees, or retain a portion of the interest on the investment in any cash received as collateral. The Funds receive as collateral cash deposits, U.S. Government securities, or bank letters of credit valued at not less than 102% of the value of the securities on loan. Cash deposits are invested in a registered money market fund. The value of the loaned securities is determined based upon the most recent closing prices and any additional required collateral is delivered to the Funds on the next business day. Any increase or decrease in the value of the securities loaned that might occur and any interest earned or dividends declared on those securities during the term of the loan would remain in the Funds. The Funds have the right under the lending agreement to recover the securities from the borrower on demand. As with other extensions of credit, the Funds bear the risk of delay on recovery or loss of rights in the collateral should the borrower of the securities default.

The value of loaned securities and related collateral outstanding at December 31, 2009 were as follows:

	<u>Midas Fund</u>	<u>Midas Special Fund</u>
Value of securities loaned	\$16,584,758	\$705,566
Value of related collateral	\$16,966,859	\$732,278

## 10 Off Balance Sheet Risks

Securities sold short result in off balance sheet risk as a Fund's ultimate obligation to satisfy the terms of the sale of securities sold short may exceed the amount recognized in the Statement of Assets and Liabilities.

## 11 Portfolio Concentration

Midas Special Fund operates as a "non-diversified" investment company, as defined in the Act. As a result of being "non-diversified," with respect to 50% of the Fund's portfolio, the Fund must limit to 5% the portion of its assets invested in the securities of a single issuer. There are no such limitations with respect to the balance of the Fund's portfolio, although no single investment can exceed 25% of the Fund's total assets at the time of purchase. A more concentrated portfolio may cause the Fund's net asset value to be more volatile and thus may subject stockholders to more risk. As of December 31, 2009, the Fund held approximately 30% of its assets in Berkshire Hathaway, Inc., as a direct result of the market appreciation of the issuer since the time of purchase. Thus, the volatility of the Fund's net assets value and its performance in general, depends disproportionately more on the performance of this single issuer than that of a more diversified fund.

## 12 Subsequent Events

The Funds have evaluated the impact of all subsequent events through February 22, 2010, the date the financial statements were issued, and have determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

(1) These financial highlights reflect the Fund's operation as a money market fund up to December 28, 2008. On December 29, 2008, the Fund changed its name to Midas Perpetual Portfolio, Inc. from Midas Dollar Reserves, Inc., ceased operating as a money market fund and began operating as a fluctuating net asset value fund pursuant to its current investment objective and policies.

(2) Average shares outstanding during the period are used to calculate per share data.

(3) The Fund began imposing a redemption fee on December 29, 2008. The amount was less than \$.005 per share for the years ended December 31, 2009 and 2008, respectively.

(4) Fees voluntarily waived by the Investment Manager and Distributor reduced the ratio of net expenses to average net assets by 0.24%, 0.75%, 0.75%, and 0.75% for the years ended December 31, 2008, 2007, 2006, and 2005, respectively. In addition, the Investment Manager voluntarily reimbursed the Fund for certain operating expenses which further reduced the ratio of net expenses to average net assets by 0.32%, 0.00%, 0.00%, and 0.00%, for the years ended December 31, 2008, 2007, 2006, and 2005, respectively. The impact of the voluntary fee waivers and reimbursements is reflected in both the total return and the ratio of net investment income to average net assets.

# Report of Independent Registered Public Accounting Firm

**To the Shareholders and Board of Directors of**

**Midas Fund, Inc.**

**Midas Special Fund, Inc.**

**Midas Perpetual Portfolio, Inc.**

**W**e have audited the accompanying statements of assets and liabilities, including the schedule of portfolio investments, of Midas Fund, Inc., Midas Special Fund, Inc., and Midas Perpetual Portfolio, Inc. as of December 31, 2009, the related statements of operations and of cash flows for the year then ended, the statements of changes in net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Funds' management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Funds are not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. Our audits included considerations of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds' internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2009, by correspondence with the custodian. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Midas Fund, Inc., Midas Special Fund, Inc., and Midas Perpetual Portfolio, Inc. as of December 31, 2009, the results of their operations and cash flows for the year then ended, the changes in their net assets for each of the two years in the period then ended and the financial highlights for the five years presented in conformity with accounting principles generally accepted in the United States of America.

# Performance Graphs / Total Returns

(UNAUDITED)

Midas Fund, S&P 500, and Equity Precious Metals

Results of \$10,000 Investment  
January 1, 2000 through December 31, 2009

The performance graphs show returns of an initial investment of \$10,000 in Midas Fund, Midas Special Fund, and Midas Perpetual Portfolio from 1/1/00 to 12/31/09. Midas Fund is compared to the S&P 500 and the Morningstar Category of Equity Precious Metals funds, an index of 74 funds, 35 of which have been in existence since 2000. Midas Special Fund is compared to the S&P 500 and the Russell 2000. Midas Perpetual Portfolio is compared to the S&P 500 and the Citigroup 3-Month U.S. Treasury Bill Index ("Citigroup T-Bill Index"). Results in each case reflect reinvestment of dividends, interest, and distributions but do not reflect a deduction for, if any, short term redemption fees, account expenses, or shareholder taxes. The S&P 500, a broad equity index, and the Russell 2000, a small company index, are unmanaged and fully invested in common stocks. The Citigroup T-Bill Index tracks the performance of U.S. Treasury bills with a remaining maturity of three months and is unmanaged. You cannot invest directly in an index. **Past performance is not predictive of future performance.**

Midas Special Fund, S&P 500, and Russell 2000

Prior to December 29, 2008, Midas Perpetual Portfolio (formerly known as Midas Dollar Reserves, Inc.) operated as a money market fund and invested exclusively in securities issued by the U.S. Government, its agencies and instrumentalities. On December 29, 2008, the Fund began operating as a fluctuating net asset value fund pursuant to its current investment objective and policies. The performance included in the table and chart below for the periods commencing on or after January 1, 2000 reflects the Fund's performance as a money market fund up to December 28, 2008 and thereafter as a fluctuating net asset value fund. The performance information shown also reflects the fees and expenses of the Fund as a money market fund.

Fund Name	Value as of 12/31/09	% Aggregate Total Return*†	% Avg. Annual Return*†
Midas Fund	\$29,997	199.97%	11.61%
Midas Special Fund	\$5,488	(45.12)%	(5.82)%
Midas Perpetual Portfolio	\$14,343	43.43%	3.67%
Equity Precious Metals	\$52,452	424.52%	18.03%
Russell 2000	\$14,126	41.26%	3.51%
Citigroup T-Bill Index	\$13,226	32.26%	2.84%
S&P 500	\$7,590	(24.10)%	(2.72)%

Midas Perpetual Portfolio, S&P 500, and Citigroup T-Bill Index

Fund Name	Average Annual Total Return for the Periods Ended December 31, 2009*		
	1 Year	5 Years	10 Years
Midas Fund	83.88%	13.77%	11.61%
Midas Special Fund	34.56%	(1.43)%	(5.82)%
Midas Perpetual Portfolio	17.03%	5.40%	3.67%

\* The returns shown do not reflect the deduction of taxes if any, that a shareholder would pay on Fund distributions or the redemption of Fund shares.

† For the 10 year period ended December 31, 2009.

# About Your Fund's Expenses

(UNAUDITED)

Fund shareholders may incur two types of costs: (1) transaction costs, including redemption or small account fees; and (2) ongoing costs, including management fees, distribution and service 12b-1 fees, and other fund expenses. This example is intended to help you understand your ongoing costs (in dollars) of investing in your Fund and to compare these costs with the ongoing cost of investing in other mutual funds. The example is based on an investment of \$1,000 made at the beginning of the period and held for the entire period from July 1, 2009 to December 31, 2009.

## Actual Expenses

The table provides information about actual account values and actual expenses for each Fund. You may use the information, together with the amount you invested, to estimate the expenses that you paid over the period. First, identify the Fund you own. Then simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number under the heading "Expenses Paid During Period" to estimate the expenses you paid on your account during this period. The Fund may charge you a \$20 annual small balance account fee if the value of those shares is less than \$500. We will redeem shares automatically in one of your accounts to pay the \$20 fee. In determining your total eligible investment amount, we will include your investments in all personal accounts registered under your Social Security number. Personal accounts include individual accounts, joint accounts, UGMA/UTMA accounts, personal trusts, Coverdell Education Savings Accounts, and IRAs (including traditional, Roth, Rollover, SEP, SARSEP, and SIMPLE-IRAs), and certain other retirement accounts.

## Hypothetical Example for Comparison Purposes

The table also provides information about hypothetical account values and hypothetical expenses based on the actual expense ratio of each Fund and an assumed rate of return of 5% per year before expenses, which is not the actual return of a Fund. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in your Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

## Expense Analysis Tables

	Beginning Account Value July 1, 2009	Ending Account Value December 31, 2009	Expenses Paid During Period July 1, 2009-December 31, 2009 <sup>(a)</sup>	Annualized Expense Ratio
<b>Midas Fund</b>				
Actual	\$1,000.00	\$1,838.82	\$17.10	2.39%
Hypothetical <sup>(b)</sup>	\$1,000.00	\$1,013.16	\$12.13	2.39%
<b>Midas Special Fund</b>				
Actual	\$1,000.00	\$1,345.56	\$26.37	4.46%
Hypothetical <sup>(b)</sup>	\$1,000.00	\$1002.72	\$22.51	4.46%
<b>Midas Perpetual Portfolio</b>				
Actual	\$1,000.00	\$1,171.44	\$12.21	2.23%
Hypothetical <sup>(b)</sup>	\$1,000.00	\$1,013.96	\$11.32	2.23%

<sup>(a)</sup> Expenses are equal to the Fund's annualized expense ratio multiplied by the average account value over the period, multiplied by 184, the number of days in the most recent fiscal half year, divided by 365, to reflect the one half year period.

<sup>(b)</sup> Assumes 5% total total return before expenses.

# Directors of the Funds

(UNAUDITED)

The Funds' Statement of Additional Information includes additional information about the directors and is available, without charge, upon request by calling the Funds toll-free at 1-800-472-4160.

## Independent Directors

Name, Address, Date of Birth	Director Since <sup>1</sup>	Funds in Complex Overseen <sup>2</sup>	Principal Occupation, Business Experience for Past Five Years	Other Directorships Held <sup>3</sup>
Bruce B. Huber CLU, ChFC, SFS 11 Hanover Square New York, NY 10005 Born February 7, 1930	1995 Midas Fund 1986 Special Fund 1981 Perpetual Portfolio	5	Retired. He is a former Financial Representative with New England Financial, specializing in financial, estate and insurance matters. He is a member of the Board, emeritus, of the Millbrook School, and Chairman of the Endowment Board of the Community YMCA of Red Bank, NJ.	None

He is also CCO, VP, Associate General Counsel, and Secretary of the Investment Company Complex, the Investment Manager, and WCI. He previously served as Compliance Administrator and Assistant Secretary of the Investment Company Complex, the Investment Manager, and WCI. He is a member of the CCO Committee and the Compliance Advisory Committee of the Investment Company Institute, and the New York State Bar.

Officers hold their positions with a Fund until a successor has been duly elected and qualifies. Officers are generally elected annually at the December meeting of the Board of Directors. The officers were last elected on December 9, 2009.

# Additional Information

(UNAUDITED)

## Quarterly Schedules of Portfolio Holdings

The Funds file their complete schedule of portfolio holdings with the Securities and Exchange Commission (“SEC”) for the first and third quarters of each fiscal year on Form N-Q. The Funds’ Forms N-Q are available on the SEC’s website at [www.sec.gov](http://www.sec.gov) and may be reviewed and copied at the SEC’s Public Reference Room in Washington, D.C. Information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330. The Funds’ quarterly reports on Form N-Q are also available on the Funds’ website at [www.MidasFunds.com](http://www.MidasFunds.com).

## Proxy Voting Policies and Procedures

A description of the policies and procedures that the Funds use to determine how to vote proxies relating to portfolio securities is available, without charge, by calling 1-800-400-MIDAS (6432) and on the website of the SEC at [www.sec.gov](http://www.sec.gov). Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12 month period ended June 30 is available without charge, by calling 1-800-400-MIDAS (6432), on the website of the SEC at [www.sec.gov](http://www.sec.gov), and on the Funds’ website at [www.MidasFunds.com](http://www.MidasFunds.com).

- Automatic Investment Program

Only \$1,000 minimum to open a Midas Funds account, with subsequent minimum investments of \$100.

There is NO FEE to open an account.

Join our Automatic Investment Program, and open an account for only \$100, and make subsequent monthly investments of as little as \$100.

# Midas Funds Regular Account Application Instructions

- 1. Registration.** If there is more than one owner of the account, the registration will be “Joint Tenants with Right of Survivorship” unless you specify “Tenants in Common.” If this is a Uniform Gift/Transfer to a Minor, please enter all information requested for the minor.
- 2. Mailing and E-mail Addresses, Telephone Number, and Citizenship.** If you are a non-U.S. citizen residing in the U.S., in addition to this Account Application, you will be required to attach a Form W-8 BEN, which can be obtained from the IRS website at [www.irs.gov](http://www.irs.gov) or calling 1-800-829-3676. If this is a Uniform Gift/Transfer to a Minor, please enter all information for the Custodian, including Custodian’s physical address.
- 3. Choose Fund(s) and amount invested.** Indicate the Fund(s) in which you are opening an account. The opening minimum is \$1,000 per Fund (\$100 for Midas Automatic Investment Programs – see Section 6 of the Account Application). The minimum subsequent investment is \$100.
- 4. Distributions.** Your dividends and distributions will be reinvested in additional shares of the Fund unless you instruct Midas otherwise.
- 5. Shareholder Communications.** Check the method of shareholder communications you would prefer (electronic or paper copies). Electronic communications will be sent to the e-mail address provided in Section 2.
- 6. Midas Funds Bank Transfer Plan/*The Midas Touch*®.** With the Bank Transfer Plan (BTP), you can establish a convenient and affordable long term investment program. The \$1,000 minimum investment requirement is waived since the BTP is designed to facilitate an automatic monthly investment of \$100 or more into your Fund account(s). Please specify the total amount you want to invest each month, the frequency, and when you’d like to start your automatic investing.

All shareholders can access their account 24 hours a day, every day, at [www.MidasFunds.com](http://www.MidasFunds.com) and by automated telephone response at 1-800-400-MIDAS (6432). Only with *The Midas Touch*® can you *manage* your account by purchasing or redeeming Fund shares using Electronic Funds Transfer, initiate Fund to Fund transfers between the three Midas Funds, and perform transactions through a Shareholder Services Representative.

To access these features, please indicate your bank routing and account numbers or attach a voided check.

- 7. Signature and Certification to Avoid Backup Withholding.** After reading this section, please sign and date the Account Application.

**Send By Mail.** Mail your completed Account Application to Midas Funds, P.O. Box 6110, Indianapolis, IN 46206-6110. **Checks must be payable to Midas Funds in U.S. dollars.** Third party checks and money orders cannot be accepted.

**Send By Wire.** Call 1-800-400-MIDAS (6432) between 8 a.m. and 6 p.m., ET, on business days to speak with a Shareholder Services Representative. A completed Account Application, the name of the bank sending the wire, and the amount to be wired are required before the wired funds can be accepted. The completed Account Application should be faxed to 1-317-937-3014, Attn: Midas Funds. You will then be assigned a Fund account number and receive wiring address information. Your account number and name(s) must be specified in the wire as they are to appear on the account registration. You should then enter your account number on your completed Account Application and promptly mail it to Midas Funds, P.O. Box 6110, Indianapolis, IN 46206-6110. This service is not available on days when the Federal Reserve wire system is closed.

**If you need any assistance in completing the Account Application, please call a Shareholder Services Representative at 1-800-400-MIDAS (6432) between the hours of 8 a.m. and 6 p.m., ET.**

# ACCOUNT APPLICATION

Use this Account Application to open a regular Midas account.  
 Mail the completed Application and check payable to Midas Funds to:  
 Midas Funds, Box 6110, Indianapolis, IN 46206-6110

Overnight Address:  
 2960 North Meridian Street, Suite 300, Indianapolis, IN 46208

**IMPORTANT:** In compliance with the USA Patriot Act, Federal Law requires all financial institutions (including mutual funds) to obtain, verify, and record information that identifies each person who opens an account.

**WHAT THIS MEANS FOR YOU:** When you open an account, we must get your name, address, date of birth, and other information that will allow us to identify you. We may also ask for additional identifying documents. The information is required for all owners, co-owners, or anyone authorized to sign or transact on behalf of a legal entity that will own the account. We will return your application if this information is missing. If we are unable to verify this information, your account may be closed and you will be subject to all applicable costs.

## 1. Registration (Please Type or Print) For assistance with this Application, please call 1-800-400-MIDAS (6432) 8 a.m. - 6 p.m. ET. Individual or Custodian of a Gift/Transfer to a Minor:

First Name	Middle Initial	Last Name	Social Security #	Date of Birth
------------	----------------	-----------	-------------------	---------------

**Joint Tenant:** Note: Registration will be Joint Tenants with Right of Survivorship, unless otherwise specified here as Tenants in Common

First Name	Middle Initial	Last Name	Social Security #	Date of Birth
------------	----------------	-----------	-------------------	---------------

### Gift/Transfer to a Minor:

Minor's First Name	Minor's Middle Initial	Minor's Last Name	Minor's Social Security #	Minor's Date of Birth
--------------------	------------------------	-------------------	---------------------------	-----------------------

Minor's Address (if different than Custodian Address)	City	State/Zip
---	------	-----------

## 2. Mailing and E-mail Addresses, Telephone Number, and Citizenship

Street	City	State / Zip	Daytime Telephone

## 7. Signature and Certification to Avoid Backup Withholding

AR09

"I certify that I have received and read the prospectus for the Midas Funds, agree to its terms, and have the legal capacity to purchase their shares. I understand that no certificates will be issued and that my confirmation statement will be evidence of my ownership of Fund shares. I acknowledge receipt of the Fund's privacy policy notice. I understand telephone conversations with representatives of the transfer agent and Investor Service Center, Inc. (collectively "Service Agents") are recorded and hereby consent to such recording. I agree that the Service Agents will not be liable for acting on instructions believed genuine and under reasonable procedures designed to prevent unauthorized transactions. I certify (1) the Social Security or taxpayer identification number provided above is correct, (2) I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the IRS that I am subject to backup withholding, or (c) I have been notified by the IRS that I am no longer subject to backup withholding, and (3) I am a U.S. person (including a U.S. resident alien)." (Please cross out item 2 if it does not apply to you.) The Internal Revenue Service does not require your consent to any provision of this document other than the certifications required to avoid backup withholding.

**1-800-400-MIDAS (6432)** for Investment Information

Past performance does not guarantee future results. Investment return will fluctuate, so shares when redeemed may be worth more or less than their cost. Dollar cost averaging does not assure a profit or protect against loss in a declining market and investors should consider their ability to make purchases when prices are low. One of Midas' guiding principles is that we will communicate with our shareholders as candidly as possible because we believe shareholders benefit from understanding our investment philosophy and approach. Our views and opinions regarding the prospects of our portfolio holdings, Funds, and the economy are "forward looking statements" which may or may not be accurate and may be materially different over future periods. We disclaim any obligation to update or alter any forward looking statements, whether as a result of new information, future events, or otherwise. Thus, you should not place undue reliance on forward looking statements, which also speak only as of the date of this Report. Current performance may be lower or higher than the performance quoted herein. This Report and the financial statements it contains are submitted for the general information of the shareholders of the Midas Funds. The Report is not authorized for distribution to prospective investors in the Funds unless preceded or accompanied by an effective Prospectus which contains more complete information, including charges, risks and expenses. Please read it carefully before you invest or send money.
